

Colorado CTE Course – Scope and Sequence

Course Name	Capstone in CTE	Course Details	Level four course for multiple pathways in multiple CTE program areas.
		Course = 0.50 Carnegie Unit Credit	
Course Description	This course allows for individualized, advanced, and/or cumulative work in a program of study. This work is individualized to the student within a specific program of study to allow for specialized study. It may include problem-/project-based learning or preparation for industry certification. The specific content and course design is determined by the instructor, in collaboration with the individual student.		
Note:	This is a suggested scope and sequence for the course content. The content will work with any textbook or instructional resource. If locally adapted, make sure all essential knowledge and skills are covered.		
SCED Identification #			
All courses taught in an approved CTE program must include Essential Skills embedded into the course content. The Essential Skills Framework for this course can be found at https://www.cde.state.co.us/standardsandinstruction/essentialskills			

Course Details

Content in the Capstone in CTE course depends upon the individual student's career goals. This course provides students an avenue for individualized learning, specific to a program area, to fulfill one or more of the following:

- Obtaining a relevant industry certification.
- Mastering essential skills determined critical by local industry.
- Developing skills within new and emerging fields.
- Completing the CDE defined capstone project as determined by the school district graduation guidelines. Note: This capstone project must be correlated to the CTE program area. See <https://www.cde.state.co.us/postsecondary/grad-capstone> for more details.

In collaboration with the student, a CTE instructor with an appropriate CTE credential in the program area will identify and document the individual learning content, including learning objectives, evaluation, and progress monitoring. It is suggested that the student's parent/guardian along with administration are aware of the individual learning outcome.

Level 4 Business Administration competencies may be referenced and integrated into the personal capstone.

DECA and FBLA are an integral part of any Business Administration capstone

CTSO Integration: DECA – Business Operations Research Events and Project Management Events
