<td>Interior Design 2 Commercial</td>
<td>Course = 0.50 Carnegie Unit Credit</td>
</tr>
</tbody>
</table>

### Course Description
The purpose of this course is to expose students to various aspects of the interior design industry and is based on the industry’s professional standards (Council of Interior Design Accreditation-CIDA). The first semester focuses on residential design. Students integrate knowledge, skills and practices to evaluate potential career opportunities. Areas of focus include: Introduction to Residential and Commercial Design; Design Drawings; Professional Practices/Education; Design Elements and Principles; and the Design Process.

### Note:
This is a suggested scope and sequence for the course content. The content will work with any textbook or instructional resource. If locally adapted, make sure all essential knowledge and skills are covered.

### SCED Identification #
Schedule calculation based on 60 calendar days of a 90-day semester. Scope and sequence allows for additional time for guest speakers, student presentations, field trips, remediation, or other content topics.

All courses taught in an approved CTE program must include Essential Skills embedded into the course content. The Essential Skills Framework for this course can be found at [https://www.cde.state.co.us/standardsandinstruction/essentialskills](https://www.cde.state.co.us/standardsandinstruction/essentialskills)

FCCLA Interpersonal Communications (challenges of working with design teams)  

FCCLA Public Policy Advocate |
(ID) Use ethical and accepted standards of practice, are committed to professional development and the industry, and understand the value of their contribution to the built environment.

**ARVD.05.14**
(ID) Analyze recurring and evolving family, workplace, and community concerns.

**IDPP.02 Professional Ethical Issues / Practice**

**ARVD.05.04**
(ID) Have a global view and weigh design decisions within the parameters of ecological, socio-economic, and cultural contexts.

(ID) Exposure to contemporary issues affecting interior design.

**ARVD.05.09b**
(ID) Understands the elements of business practice (business development, financial management, strategic planning, collaboration and integration of disciplines).

| Elements and Principles Related to Public Space | 6 hours | A. Review and Apply to Commercial / Public Space  
B. Elements  
C. Principles  
**NASAFACS 11.2.1**  
Evaluate the use of elements and principles of design in housing and commercial and residential interiors. | ARVD05.13.b  
(ID) Analyze the psychological impact that the principles and elements of design have on the individual.  
ARVD.05.13c  
(ID) Analyze the effects that the elements and principles of design have on aesthetics and function. | Elements and Principles Portfolio

**IDDP.02 Commercial Function**

**ARVD.05.03.a** To develop an awareness that residential and nonresidential design are similar in process, but unique characteristics of planning are needed to address a complex commercial space which often has multiple purposes, functions and occupants.

**IDDP.03**

**ARVD.05.10**

Designers select and specify furniture, fixtures, equipment and finish materials in interior spaces.

**ARVD.05.11** Use laws, codes, standards, and guidelines that impact the design of interior spaces.

**NASAFACS 11.3.2**

Evaluate manufacturers, products, and materials

**ARVD.05.11.a**

Layout and specify furniture, fixtures and equipment.

**ARVD.05.11.b**

Awareness of industry-specific regulations.

**ARVD.05.03.a**

Evaluate manufacturers, products, and materials

**1. Health, Safety, and Welfare Issue**

- **a. Sustainability**
- **Living Room Conversation Research and Discussion**

**2. Client Image**

- **a. Concept Board**

**3. Employee Productivity and Space Efficiency**

- **a. Ergonomics and Universal Design Concepts**

**1. Scope of Project**

- **a. FCCLA Planning Process**

**2. Programming**

**3. Research**

**4. Concept Proposal**

**5. Schematic Designs**

- **a. Bubble Diagrams**
- **b. Floor Plans**
- **c. Clearances / Design**
- **d. Standards**
- **e. Codes**

**Commercial Codes scavenger hunt**

**CAD Tutorials and Floor Plan**
considering building codes and regulations, environmental protection, care and maintenance, and safety issues.

**NASAFACS 11.3.3**
Demonstrate measuring, estimating, ordering, purchasing, pricing, and repurposing skills.

**NASAFACS 11.3.4**
Appraise various interior furnishings, finishes, fixtures, appliances, and equipment to provide cost and quality choices for clients.

**NASAFACS 11.3.5**
Examine the impact of housing, interiors, and furnishings on the health, safety, and welfare of the public.

**NASAFACS 11.3.6**
Demonstrate design processes such as determining the scope of the project, programming, research, concept development, schematic design, design drawing, and design development and presentation.

ARVD.05.08.b
Produce competent presentation drawings.

ARVD.05.15.b Use adequate and reliable information to critique possible actions.

****CERTIFICATIONS?****

Ozobots practice coding floorplans and evaluating traffic patterns

6. Design Development
   a. Furniture Plan
   b. Interior Finishes
   c. Aesthetically - Pleasing

7. Budget/Invoice for FF&E

Final Project Ideas for students:
- Redesign classroom Learning and Collaboration Areas
- Redesign local library or town hall
- Redesign local recreation center or childcare center
| Communication and Presentation | 24 hours | A. Visual Presentation | B. Verbal Communication | ARVD.05.08a (ID) Express ideas clearly in visual, oral, and written communication. | ARVD.05.08c | 1. Floor Plans a. CAD or Hand Drawn 2. Samples Boards a. Layout b. Mounting and Adhesives | FCCLA Interior Design Scenario FCCLA Interpersonal Communication |

**IDDP.03**

**ARVD.05.08** Entry-level interior designers are effective communicators.

**IDDP.03**

**ARVD.05.15** Implement practical reasoning for responsible action in families, workplaces, and communities.

**NASAFACS 11.7.1**
Select appropriate studio tools.

**NASAFACS 11.7.2**
Prepare sketches, elevations, perspectives, and renderings using appropriate media.

**NASAFACS 11.7.4**
Utilize a variety of presentation media including drawings, photography, video, computer, and software for client presentations.

**NASAFACS 11.7.5**
Utilize applicable building codes and universal design regulations and guidelines in space planning.

**NASAFACS 11.7.6**
Create floor plans using architectural drafting skills.
