|  |  |  |   | <p><b>Prerequisite: Completion of Level 3 coursework in pathway area or with permission of the instructor.</b></p> <p><b>CTE Credential: Appropriate CTE credential for the pathway or CTE Work-based Learning Coordinator Credential</b></p> |                  |  |
| <b>Course Description</b>  | <p>This course is designed to prepare students to enter the workforce through on-the-job training in the form of a work-based learning experience and may be combined with class instruction. Students will build on prior knowledge and skills in the program of study aligned to their career and academic plan to further develop and apply employability and technical skills that prepare them for success in future career and postsecondary education. Students will have the opportunity to develop skills in supervised practical experience on the job or in a classroom-based job environment. A personalized learning plan is a requirement of this course.</p> <p><b>**Significant industry engagement is required for this course and includes, but is not limited to, setting professional expectations for quality of work, mentoring students through a project and providing feedback, and evaluating employability skill development. Students should have a minimum contact of 30 hours with employers or in the job setting. A dedicated workplace mentor will supervise each student in workplace-based experiences such as internships, co-op, and apprenticeships.</b></p> |  |   |   |                  |  |
| <b>Note:</b>   | This is a suggested scope and sequence for the course content. The content will work with any textbook or instructional resource. If locally adapted, make sure all essential knowledge and skills are covered.  |  |   |   |                  |  |
| SCED Identification #  | 17009  | Schedule calculation based on 60 calendar days of a 90-day semester. Scope and sequence allows for additional time for guest speakers, student presentations, field trips, remediation, or other content topics. |   |   |                  |  |
| All courses taught in an approved CTE program must include Essential Skills embedded into the course content. The Essential Skills Framework for this course can be found at <a href="https://www.cde.state.co.us/standardsandinstruction/essentialskills">https://www.cde.state.co.us/standardsandinstruction/essentialskills</a> |  |  |   |   |                  |  |

|   |  |   |  | <ul style="list-style-type: none"> <li>a. Tasks accomplished and activities implemented</li> <li>b. Positive and negative aspects of the experience</li> <li>c. How challenges were addressed</li> <li>d. Team participation in a learning environment</li> <li>e. Comparisons and contrasts between classroom and work environments</li> <li>f. Interactions with colleagues and supervisors</li> <li>g. Personal career development</li> <li>h. Personal satisfaction</li> </ul> |  |
| <p><b>Sample WBL Experiences and Projects</b></p> |  | <p><b>Construction Course Project:</b><br/>As part of a course project, develop a comprehensive project plan, appropriate to the project type, to guide all work. The plan should include at minimum the following:</p> <ul style="list-style-type: none"> <li>a. Material list</li> <li>b. Cost estimation/Mock bid package</li> <li>c. Criteria and constraints</li> <li>d. Project schedule</li> <li>e. Inspection checklist</li> <li>f. Applicable contracts</li> <li>g. Minutes from project meetings and other documentation</li> <li>h. Contingency plan in case of delay or emergency</li> <li>i. Justification for major design and budgeting decisions made</li> </ul> <p>Collaboratively update the plan to reflect unexpected changes in conditions or capacity. For example, demonstrate the ability to reschedule an activity if there is a delay in the arrival of materials.</p> <p>Create and continually update a personal journal to document skills learned during the practicum and draw connections between the experience and previous course content by reflecting on:</p> <ul style="list-style-type: none"> <li>a. Tasks accomplished and activities implemented</li> <li>b. Positive and negative aspects of the experience</li> </ul> |  |  |  |

|  |  |  |  |
|--|--|--|--|
|  |  | <p>c. How challenges were addressed<br/> d. Team participation in a learning environment<br/> e. Comparisons and contrasts between classroom and work environments<br/> f. Interactions with colleagues and supervisors<br/> g. Personal career development<br/> h. Personal satisfaction</p> <p><b>Business Skills and Project Management</b><br/> In teams, develop and successfully implement a suite of project management tools and processes to aid in the completion of the course project. (If participating in a work-based learning experience, apply tools and processes to satisfy placement requirements.) Demonstrate the ability to divide roles and responsibilities among team members, track progress toward goals, and satisfy client specifications as would a construction manager or contractor. For example, assign tasks and monitor deliverables using a Gantt chart or other tracker.</p> <p><b>Independent Project Reporting and Summary:</b><br/> Apply all steps of the construction process to successfully build a structure and/or install a system(s) as outlined in the course project plan. Demonstrate the ability to communicate results over the course of the project's duration. Produce a technical report documenting the progress of the project and evaluating the final product.</p> <p>Upon completion of the practicum, develop a technology-enhanced presentation showcasing highlights, challenges, and lessons learned from the experience. The presentation should be delivered orally, but supported by relevant graphic illustrations, such as diagrams, drawings, videos, photographs, and/or guided tours of the finished structure or product. Throughout the presentation, justify construction decisions and assess the quality of the work. Prepare the presentation in a format that could be presented to both a technical and a non-technical audience, as well as for a career and technical student organization (CTSO) competitive event.</p> |  |
